

Every morning that I turn my radio on, K-Love is there to get me going and to inspire me to go out and serve my local community. The music is uplifting and has become very important to me. It is even having an effect on my community. The people that I know that listen to K-Love are starting to take a more active role in our community, providing everyday, helpful services to those that need them. Personally, K-Love has inspired me to give my life to God. I have become a member of a local church and will be baptized next weekend. The public feels that K-Love is very important to our community and we want to make sure that it stays where it is and that nothing interrupts it or has a higher priority. Afterall, God should have the 1st priority over everything else. K-Love gives God that priority over commercials, politics, etc. Keep it where it is.
